

## Introduction to Australia Base Women Topper

The Australia Base Women Topper is specifically crafted to blend seamlessly with natural hair, offering enhanced volume and coverage in areas where hair is thinning, such as the crown, parting, or front hairline. This type of topper is suitable for women of all ages and can be used to address mild to moderate hair loss or simply to add volume and style.

Color & Wave	#1B, #2, #4, #6 and #613 color, Straight
Length	14" /16" /18"
Density	130%
Cap Size	7"X9"

## Key Features of a Australia Base Topper

The **Australia Base Women Topper** is designed with specific features that make it a high-quality and versatile hairpiece, suitable for a range of hair needs. Here is a detailed overview of each key feature:

## 1. Unique Base Construction

- **Australia Base Design:**
  - The Australia base combines **lace material** in the center with a **polyurethane (PU) perimeter**. This unique construction offers several benefits:
    - **Lace Center:** The lace material at the center of the topper is lightweight and breathable, providing maximum comfort and allowing airflow to the scalp. This prevents heat buildup and reduces the risk of irritation, making it ideal for everyday wear, even in warmer climates.
    - **PU Perimeter:** The polyurethane perimeter adds structure and durability to the topper. It is slightly thicker than the lace, providing a stable and secure area for attaching clips, combs, or adhesive tapes. The PU perimeter also creates a more realistic scalp appearance when parted, adding to the topper's natural look.
- **Hand-Tied Construction:**
  - Each hair strand is individually hand-tied to the lace base, mimicking the natural growth pattern of human hair. This technique allows for multi-directional hair movement and a realistic appearance, making the topper undetectable when worn. It also provides styling flexibility, allowing the wearer to change the parting or style of the hair without revealing the base.

## 2. High-Quality Hair

- **100% Remy Human Hair:**
  - The topper is made from **100% Remy human hair**, which means the hair cuticles are kept intact and aligned in the same direction. This quality ensures that the hair remains soft, shiny, and tangle-free, even after washing and styling. Remy hair is considered the highest quality for hairpieces because it mimics the look and feel of natural hair.
  - The Remy human hair used in the topper can be colored, heat-styled, or chemically treated just like natural hair, offering versatility for styling.
- **Texture Options:**
  - The topper is available in multiple textures, including straight, wavy, and curly. This variety allows customers to choose a texture that matches their natural hair, ensuring a seamless blend. Each texture is crafted to maintain its shape and bounce over time, providing a long-lasting natural look.

### 3. Natural Scalp Appearance

- **Realistic Lace Base:**
  - The lace material at the center of the topper is designed to resemble the wearer's natural scalp. The transparent or skin-toned lace blends seamlessly with various skin tones, creating the illusion that hair is growing directly from the scalp. This natural scalp appearance is particularly important for women with thinning hair at the crown or parting line, as it allows them to achieve a discreet and realistic look.
- **Hand-Tied Hair Knots:**
  - Each hair strand is carefully knotted by hand to the lace base, creating a lifelike appearance. The hand-tied technique also makes the hair topper lightweight and comfortable to wear, preventing scalp irritation and allowing for natural movement of the hair.

### 4. Customizable Options

- **Length and Color Variations:**
  - The Australia base topper is available in various lengths, ranging from **6 to 18 inches**, or even longer, to match the wearer's natural hair length or desired style. This allows users to choose a topper that seamlessly integrates with their existing hair or achieves their desired look.
  - A wide range of color options is available, from natural shades such as black, brown, blonde, and gray to custom color blends that can be tailored to the wearer's specific needs. Custom coloring ensures the topper matches the wearer's natural hair color perfectly or provides a complementary shade.
- **Hair Density Options:**
  - The topper can be customized in different hair densities, typically ranging from **100% to 150%**. This range allows wearers to choose the level of volume they want:
    - **100% Density:** Provides a light, natural look, ideal for women with fine or thinning hair who desire subtle coverage.
    - **130% to 150% Density:** Offers fuller coverage, suitable for women with moderate hair thinning or those who want a more voluminous hairstyle.

### 5. Secure Fit

- **PU Perimeter for Attachment:**

- The polyurethane (PU) perimeter of the topper provides a secure area for attaching the hairpiece using clips, combs, or adhesive tapes. The PU material is smooth and durable, creating a stable base for secure attachment that prevents slippage.
- **Clips and Combs:** The topper usually comes with small, discreet clips or combs sewn into the PU perimeter, allowing for easy and secure attachment to the natural hair. These clips are designed to grip the hair firmly without causing damage.
- **Adhesive Options:** For a more secure attachment, especially for women with very fine or no hair, medical-grade adhesive tapes or glue can be used along the PU perimeter. This method ensures that the topper remains in place during daily activities or even more vigorous movements.

## 6. Lightweight and Breathable Design

- **Comfortable for Daily Wear:**
  - The combination of lace and PU materials makes the Australia base topper lightweight and breathable. The lace allows air to circulate to the scalp, keeping it cool and comfortable, while the PU perimeter offers a secure fit without adding extra weight.
  - The lightweight design ensures that the topper does not feel heavy or cause discomfort, even when worn for extended periods. This makes it ideal for daily wear, whether for work, social events, or leisure activities.

## 7. Durability

- **Long-Lasting Materials:**
  - The Australia base topper is designed to be durable and long-lasting. The combination of high-quality Remy human hair and sturdy base materials ensures that the topper can withstand regular wear and styling.
  - The PU perimeter enhances the longevity of the topper by providing a strong and secure foundation for attachment. This construction reduces the likelihood of tears or damage to the base, making the topper suitable for daily use over an extended period.

## Summary

The **Australia Base Women Topper** is characterized by its unique construction, high-quality materials, and thoughtful design elements that prioritize comfort, natural appearance, and versatility. With its customizable options, lightweight and breathable design, and secure attachment methods, this topper is an excellent choice for women seeking a reliable solution to enhance their hair's volume and coverage while maintaining a natural look.

## Usage Scenarios

### 1. Concealing Hair Thinning:

- The Australia base topper is ideal for women experiencing thinning hair at the crown, parting, or front hairline. It provides additional coverage and volume, making the hair appear fuller and healthier.

### 2. Adding Volume and Style:

- Suitable for women who desire more volume or want to enhance their natural hairstyle. The topper can be styled just like natural hair, allowing for various hairstyles, including straightening, curling, or adding waves.

### 3. Protective Styling:

- Can be used as a protective style to give natural hair a break from daily styling and heat damage, promoting hair health and growth.

### 4. Postpartum or Medical Hair Loss:

- Effective for women experiencing temporary hair loss due to postpartum changes or medical conditions. The topper provides a discreet and natural-looking solution that boosts confidence during hair regrowth.

## Advantages

### 1. Natural Appearance:

- The hand-tied lace base and high-quality human hair ensure a natural look that blends seamlessly with existing hair. The topper mimics natural hair growth, creating an undetectable finish.

## **2. Lightweight and Breathable:**

- The combination of lace and PU materials offers a lightweight and breathable construction, making the topper comfortable for extended wear, even in warm weather.

## **3. Customizable and Versatile:**

- Available in various lengths, colors, and densities, the Australia base topper can be customized to match individual preferences, offering versatility in styling and personalization.

## **4. Secure and Easy to Attach:**

- The PU perimeter provides a strong, secure base for attachment using clips, combs, or adhesive tapes. This ensures the topper stays in place throughout the day.

## **5. Durable:**

- The Australia base topper is designed for durability, with the PU perimeter providing extra strength and longevity, making it suitable for daily wear.

## **Disadvantages**

### **1. Requires Proper Maintenance:**

- Like all human hairpieces, the Australia base topper requires regular maintenance, including washing, conditioning, and styling, to keep it in good condition.

### **2. May Require Professional Attachment:**

- While it is possible to attach the topper at home, some users may find it challenging to achieve a perfect fit or may need assistance from a professional stylist for initial attachment.

### **3. Can Be Costly:**

- The high-quality materials and craftsmanship involved in creating an Australia base topper can make it more expensive compared to synthetic or machine-made hairpieces.

#### 4. Potential for Slippage:

- If not secured properly, the topper may shift or slip, especially during high-impact activities. Ensuring correct attachment is crucial for a secure fit.

### How to Use the Australia Base Women Topper

#### 1. Prepare Your Hair:

- Start with clean, dry hair. Part your hair as desired or where the topper will be applied.

#### 2. Position the Topper:

- Align the topper with your natural parting and adjust it to ensure it covers the desired area. Make sure the lace front or base aligns with your natural hairline for a seamless look.

#### 3. Secure with Clips or Adhesive:

- If the topper has clips, snap them into place by attaching them to the natural hair close to the roots. For a more secure fit, you can use adhesive tapes or medical-grade glue along the PU perimeter.

#### 4. Style as Desired:

- Once the topper is securely in place, style it as desired using a flat iron, curling iron, or hairbrush. Human hair toppers can be styled just like natural hair.

#### 5. Check and Adjust:

- Make sure the topper is comfortable and securely attached. Adjust as needed to ensure a natural and snug fit.

## Care and Maintenance Tips

### 1. Regular Washing:

- Wash the topper every 10-15 wears or as needed using a gentle, sulfate-free shampoo and conditioner. Avoid rubbing or twisting the hair; instead, gently pat it dry with a towel.

### 2. Proper Storage:

- Store the topper on a wig stand or mannequin head to maintain its shape and prevent tangling.

### 3. Heat Styling:

- Use heat styling tools on low to medium heat settings to avoid damaging the hair. Apply a heat protectant before styling to minimize heat damage.

### 4. Avoid Excessive Pulling:

- Be gentle when brushing or combing the topper. Use a wide-tooth comb or a brush designed for wigs to prevent shedding and tangling.

### 5. Regular Conditioning:

- Deep condition the topper periodically to maintain its softness and shine. This is especially important if you use heat styling tools frequently.

## Precautions

### 1. Avoid Excessive Heat:

- Excessive use of heat styling tools can damage the hair fibers and reduce the lifespan of the topper. Use heat tools sparingly and always apply a heat protectant.

### 2. Check for Allergies:

- If you use adhesive tapes or glues for attachment, ensure they are safe for your skin type. Test a small amount on your skin first to check for any allergic reactions.

### 3. Avoid Sleeping in the Topper:

- It is recommended to remove the topper before sleeping to prevent tangling and unnecessary stress on the hair.

#### 4. Handle with Care:

- Be gentle when handling and styling the topper to avoid shedding or damaging the lace or PU base.

### Conclusion

The Australia Base Women Topper is a versatile, natural-looking hairpiece ideal for women experiencing hair thinning or looking to add volume and coverage. With its lightweight and breathable design, customizable options, and secure attachment methods, this topper provides a comfortable and realistic solution for everyday wear. Proper maintenance and careful use will ensure the topper remains in excellent condition, providing long-lasting benefits to the wearer.

### [Emeda Hair](#): Women Topper Factory in China

**Emeda Hair** is a leading manufacturer and supplier of hair products based in China, specializing in the production of **Australia base toppers**. As a dedicated factory, Emeda Hair is known for its high-quality craftsmanship, innovative design, and commitment to customer satisfaction. The company's products are widely recognized in the global market, including regions such as the United States, Europe, and Australia. With a focus on using premium materials and advanced production techniques, Emeda Hair offers a range of hair solutions tailored to meet the diverse

needs of women experiencing hair thinning or looking to enhance their natural hair volume and style.

## Company Overview

**Emeda Hair** is headquartered in Qingdao, China, a city known for its vibrant wig and hair extension industry. As an experienced manufacturer, the company has built a reputation for producing top-tier hair toppers that cater to both professional stylists and individual consumers. With state-of-the-art production facilities and a skilled workforce, Emeda Hair ensures each topper is made with precision and care.

## Frequently Asked Questions (FAQ) about Australia Topper

Here is a list of frequently asked questions (FAQs) regarding Emeda Hair's Australia Base Women Topper, designed to provide you with detailed information about the product, its features, and usage.

### 1. What is an Australia Base Topper?

An **Australia Base Topper** is a type of hairpiece designed to add volume and coverage for women experiencing hair thinning or partial hair loss. It features a combination of a breathable lace material at the center and a polyurethane (PU) perimeter, making it lightweight, secure, and comfortable for daily wear.

### 2. What makes Emeda Hair's Australia Base Topper unique?

Emeda Hair's Australia Base Topper is unique due to its high-quality construction, using **100% Remy human hair**, hand-tied lace, and a durable PU perimeter. These elements ensure a natural appearance, breathability, and a secure fit, setting it apart from other hair toppers on the market.

### 3. What is Remy human hair, and why is it used?

**Remy human hair** refers to hair collected in such a way that the cuticles remain intact and aligned in the same direction. This quality ensures that the hair remains soft, shiny, and tangle-free. It is used in Emeda Hair's toppers to provide a natural look and feel, and to allow for styling versatility.

### 4. How do I choose the right color and length for my topper?

To choose the right color, match the topper to your natural hair shade or select a complementary color. Emeda Hair offers a variety of colors and lengths ranging from **6 to 18 inches** (or longer), allowing for customization based on your preferences. If unsure, you can consult with a stylist or send a sample of your hair color for a perfect match.

### 5. Can the Australia Base Topper be customized?

Yes, Emeda Hair provides various **customization options** for its toppers, including different lengths, colors, textures, and densities (100% to 150%). This ensures that you can get a topper tailored to your specific needs and style preferences.

### 6. How do I attach the Australia Base Topper securely?

The topper comes with built-in **clips** or **combs** along the PU perimeter, which can be easily attached to your natural hair near the roots. For additional security, you can use **adhesive tapes** or **medical-grade glue**. Make sure the topper is properly aligned with your hairline and parting for a natural look.

### 7. Can I style the topper with heat tools?

Yes, since the topper is made of 100% Remy human hair, it can be styled using heat tools like **flat irons, curling irons, or blow dryers**. However, it is recommended to use heat styling tools on low to medium settings and apply a heat protectant to minimize damage.

### 8. How often should I wash the topper?

The topper should be washed every **10-15 wears** or when it becomes dirty or loses its natural shine. Use a gentle, sulfate-free shampoo and conditioner, and avoid

rubbing or twisting the hair. After washing, gently pat it dry with a towel and let it air dry on a wig stand or mannequin head.

#### 9. How do I store the topper when not in use?

Store the topper on a **wig stand** or **mannequin head** to maintain its shape and prevent tangling. Keep it in a cool, dry place away from direct sunlight or heat sources. You can also use a hair net to protect the topper during storage.

#### 10. Is the Australia Base Topper suitable for daily wear?

Yes, the Australia Base Topper is designed for **daily wear**. Its lightweight and breathable materials ensure comfort throughout the day, while the secure attachment options prevent slippage, making it ideal for everyday activities.

#### 11. What are the main advantages of using Emeda Hair's Australia Base Topper?

- **Natural Appearance:** Hand-tied lace and high-quality Remy human hair provide a realistic look.
- **Comfort:** Lightweight and breathable design allows for all-day wear.
- **Customizability:** Multiple lengths, colors, and densities to match individual preferences.
- **Secure Fit:** Easy to attach using clips, combs, or adhesive, ensuring a stable fit.
- **Durability:** High-quality materials and construction ensure long-lasting use.

#### 12. Are there any disadvantages to using the topper?

- **Requires Maintenance:** Regular washing, conditioning, and styling are needed to keep the topper in good condition.
- **Initial Cost:** High-quality materials and craftsmanship may make the topper more expensive than synthetic options.
- **Attachment Learning Curve:** Some users may need professional help to attach the topper correctly at first.

#### 13. Can the topper be dyed or colored?

Yes, since it is made from **100% Remy human hair**, the topper can be dyed or colored. However, it is recommended to have it colored by a professional stylist to avoid damaging the hair or base materials.

#### 14. Can I sleep with the topper on?

It is not recommended to sleep with the topper on, as this can cause tangling and stress on the hair and base materials. It is better to remove the topper before sleeping to maintain its quality and prolong its lifespan.

15. How long does the Australia Base Topper last?

With proper care and maintenance, Emeda Hair's Australia Base Topper can last from **6 months to over a year**. The lifespan may vary depending on how often it is worn, styled, and maintained.

16. What should I do if the topper feels uncomfortable?

If the topper feels uncomfortable, check the placement and attachment points. Adjust the clips or adhesive to ensure it fits securely without pulling or causing pressure. If discomfort persists, consult with a professional stylist for proper fitting and adjustment.

17. Is the Australia Base Topper suitable for people with sensitive scalps?

Yes, the topper is designed with a breathable lace material that is gentle on the scalp, making it suitable for those with sensitive skin. However, if you are sensitive to adhesives, choose clips or combs for attachment instead of glue or tape.

18. Can I swim or shower while wearing the topper?

It is not recommended to swim or shower with the topper on, as exposure to water, chlorine, or salt can damage the hair and base materials. Remove the topper before swimming or bathing to ensure its longevity.

19. How do I prevent the topper from slipping?

To prevent slippage, ensure the topper is properly attached using the clips, combs, or adhesive tapes provided. Make sure it is secured to a sufficient amount of natural hair or skin, and avoid over-styling or pulling on the topper throughout the day.

20. How do I contact Emeda Hair for customer support or inquiries?

You can contact **Emeda Hair** through their official website, email, or customer service phone number. They offer comprehensive support for choosing products, customization options, and guidance on care and maintenance.
