

EMEDA is a leading manufacturer specializing in silk toppers made from premium 100% human hair. With extensive experience in the hair industry, we have developed a reputation for producing high-quality, natural-looking toppers that provide volume and coverage for women experiencing thinning hair or hair loss. Our factory is equipped with advanced technology and skilled craftsmanship to ensure that each topper meets the highest standards of quality and realism.

At EMEDA, we offer a wide range of silk toppers in various lengths, base sizes, and densities to meet the diverse needs of our clients. Our toppers are available in base sizes ranging from 4x4 inches to 6x6 inches, providing a perfect solution for covering the crown area. The silk base material mimics the appearance of a natural scalp, ensuring a seamless blend with your own hair. We also offer customization services, allowing you to choose the exact color, length, and style that suits your preferences.

What sets EMEDA apart is our commitment to using only 100% human hair in all of our silk toppers. This ensures that our products not only look natural but can also be styled just like your own hair. You can curl, straighten, and dye the topper to match your desired look. Our toppers are soft, tangle-free, and long-lasting, giving you a high-quality solution that can last between 6 months to 1 year with proper care.

Our production process follows strict quality control measures to ensure consistency and durability. Every silk topper is carefully inspected before leaving the factory to guarantee that it meets the expectations of our customers. We take pride in our craftsmanship and strive to deliver products that are comfortable, lightweight, and virtually undetectable when worn.

In addition to our wide range of silk toppers, EMEDA also provides OEM and ODM services, catering to businesses and individuals looking to create custom hair products under their own brand. Our experienced team works closely with clients to develop bespoke designs and meet specific market requirements.
